PROFILE

I bring a strong blend of technical expertise and problem-solving skills, demonstrated through successful front-end development projects. Proficient in HTML, CSS, and JavaScript, I excel in creating responsive, user-friendly web interfaces. My ability to adapt quickly to new technologies and frameworks such as React and Bootstrap, coupled with experience in collaborating in fast-paced environments, positions me as an ideal candidate. Committed to continuous learning, I stay current with industry trends and best practices in front-end development to contribute effectively to any team.

EDUCATION

• **Bachelor of Engineering in Information Science** *Dec 2021- Jul 2025*
Malnad College of Engineering,Hassan

PERSONAL PROJECTS

•**Car Rental System** *Oct 2023 - Feb 2024*

Developed a robust car rental management system to streamline vehicle reservations and administration for rental agencies.

- Responsibilities:Designed and developed the user interface for the car rental management system, ensuring an intuitive and engaging user experience.
- Technology Used : JavaScript , CSS, HTML, Java.
- Outcome: Created a robust car rental management system that streamlined vehicle reservations and administration.

•**College Notes Gallery Web Application** *May 2024- Jul 2024*

Developed a web application to facilitate the sharing and management of college notes among students and faculty.

- Responsibilities:Designed and implemented the user interface for the web application, ensuring a user-friendly experience.
- Tools and Technologies: PHP, MySQL, HTML, CSS, JavaScript, Bootstrap.
- Outcome: Successfully developed a fully functional web application that facilitated efficient sharing and management of college notes among students and faculty.

INTERNSHIPS

•**Internship at Ideal Lab** *oct- Nov 2022*
AICTE-Idea Lab offline
- Hands-On Experience: Engaged in practical applications of cutting-edge technologies and techniques.
- Outcome: Acquired practical skills in 3D printing, 3D laser cutting, and PCB board manufacturing through intensive hands-on training.

•**Java Internship Internship**
Online
- Java Fundamentals: Acquired strong skills in core Java concepts, including OOP, data structures, and algorithms.
- Enhanced Skills: Gained hands-on experience with Java frameworks and tools, improving application performance and development efficiency.

•**Web Development Internship**
Offline
- HTML, CSS, and JavaScript Fundamentals: Acquired foundational skills in building and styling web pages using HTML, CSS, and JavaScript.
- Outcome: Gained hands-on experience in front-end technologies including HTML, CSS, and JavaScript, and applied them to real-world projects.

TECHNICAL SKILLS AND INTERESTS

Languages: C, Python, Javascript, HTML+CSS
Libraries : Python Libraries
Web Dev Tools: VScode, Github
Databases:PHPmyadmin, Relational Database(mySql)
Relevent Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.
Areas of Interest: Web Design and Development.
Soft Skills: Problem Solving, Self-learning, Adaptability.
Languages: Kannada (Fluent),English (Proficient).
